

# The Year in Review 2023

*This newsletter is designed and intended for those who have donated to the Delta Pilots Charitable Fund (DPCF) in 2023.*

## First and Always, a Heartfelt Thank-You

Whether it was a one-time payment, a gift in exchange for a holiday tie, an ongoing paycheck deduction, or a regularly scheduled donation, **YOUR GENEROSITY GOES TO GOOD CAUSES!**

The DPCF is a 20-plus-year-old legal nonprofit charity. Established and run by the pilots of Delta Air Lines, the fund takes donations from Delta line pilots and distributes them to children's charities.

The DPCF splits normal donations into two buckets: restricted and unrestricted. The unrestricted monies are given out as grants two to three times a year as its funding level allows. Typical grants are \$1,000 to \$5,000.

Restricted funds can grow until a major project (\$80,000 to \$100,000) can be afforded. Our charter guides all grants, which dictates that the proceeds must be given to children's charities with priorities to pilot-base and pilot-centric geographies. We especially give weight to charities with some current Delta pilot connections. Delta pilots can donate in various ways: one-time donations by check or through the website portal, recurring donations via paycheck deductions, or automatic bank payments.

**Last year was a great one for the fund.** For regular donations and grants, we collected over \$75,000 and granted over \$42,000 in 2023. This has allowed our restricted fund to grow to over \$65,000 as we contemplate a major project. In the past, major projects have included additions to hospitals, ambulances, etc.

On a specific effort, we partnered with the Mary Bridge Foundation in our 2022–2023 holiday neckwear campaign to raise over \$10,000 for their Children's Hospital in Tacoma, Wash.

Our 2023–2024 holiday neckwear effort will enjoy a new partner in Gillette Children's Hospital. In a banner year, we have already sent a \$40,000 check to the hospital! Thanks to all Delta pilots who took part, wore the ties/scarves, and donated.

### It's for the kids!

*The DPCF is guided by a board of line pilots who volunteer their time to sort through the multitude of grant requests we receive to vet, analyze, and prioritize the worthiest.*

## DPCF 2023 Recipients

Your donations make a difference in communities across the United States, helping children and their families in places where Delta pilots live and work. In 2023, thanks to your generosity, DPCF proudly contributed to the following children's charities.

## Donate to the DPCF

If you do not already do so, please consider donating regularly through a payroll deduction [here](#) (you can use this form to increase your donation as well).

One-time donations can be made via PayPal, Stripe, or Zelle on the [DPCF website](#).

## Help Us Find Good Causes

Many of us have children. This is a way for the Delta pilot family to give back to our own communities and the institutions that have benefitted our families in some way.

If you are aware of a great children's hospital, nonprofit, or other program that you have a connection to, please reach out to help us identify these deserving efforts.

Grant requests can be submitted [here](#), or by e-mail at [DPCF@alpa.org](mailto:DPCF@alpa.org).
